

WE CARE HERE FOR YOUR DIABETES JOURNEY

Medtronic

For more than 30 years, Medtronic has worked with the global community to change the way people manage their diabetes by empowering them to enjoy greater freedom and better health.

We do this through WeCare, allowing Medtronic users to access a range of services and solutions throughout your diabetes therapy journey.

- **Hands-On Training** — to get you up and running with your new Medtronic device.
- **Product Support** — our highly trained specialists are always available by phone to give you education and technical support. Whatever the product question, you'll receive the advice and help you need, 24 hours a day, 365 days a year.
- **Order Management** — place orders at your own convenience.

To access even more, simply register with us at [medtronic-diabetes.co.uk](https://www.medtronic-diabetes.co.uk) and experience a range of additional support services including:

- **StartRightSM** — an exclusive, personalised onboarding programme to build confidence and get the most from your new Medtronic therapy with the support of StartRightSM Specialists.
- **Penny** — a mobile diabetes app exclusive to Medtronic users that offers a wide range of tailored services, programmes and solutions.
- **Blog & Quarterly Newsletter** — for tips, information and updates on topics such as nutrition, physical activity and mental health.
- **CareLinkTM** — so you can quickly and easily review your trends and insights.
- **Eshop** — go online to order what you need for your diabetes treatment.
- **Therapy Specialists** — for registered users who have given consent, Therapy Specialists support on the next best steps for continuing your therapy care uninterrupted at the end of your product's life cycle.

Whenever or however you access our support programme, know that you're not alone.

Whatever you're facing, we're always by your side.
